

SUBMISSION TO EASTERN & MIDLAND PROPOSED AMENDMENTS

We are pleased that you have accepted some of our suggestions.

Amendment 100 in Chapter 7 is the only amendment to which we are opposed.

We would like to express our particular support for the following:

Chapter 3 Growth Strategy

6, 8 & 9

Chapter 4 People and Places

31, 42, 55, 56 & 67

Chapter 5 Dublin MASP

78

Chapter 6 Economy and Employment

82

83 We submit that it is not clear what the word *offer* means and that unless a better wording can be found we would be opposed to this proposed amendment.

84, 86, 87

Chapter 7 Environment and Climate

95 to 97, 99

100 We are strongly opposed to this as it means that numbers would be controlled resulting in users being turned away. This would have disastrous consequences for both Irish and foreign visitors. We submit that adequate protection of ecology is clearly implied by *sustainable* in 1st line.
